1:15	<a href="#">From the Mountain Top and Back to the Great Plains – A Vision for Enhancing IPM in a National Network</a> (Marty Draper)
2:00	Contributing to a future initiative on the “New IPM” <b>Discussion Stops</b> <ol style="list-style-type: none"> <li>1. What are the BIG ideas for a NEW IPM?</li> <li>2. You have a ‘clean’ white board with the full authority and financial support to create a NEW IPM. What are 3 key concepts to evolve the current paradigm?</li> <li>3. Local, state and regional IPM needs exist. How would you go about identifying and linking these needs to national priorities?</li> <li>4. How would you programmatically address underserved populations or program areas?</li> <li>5. How would you create the next generation of IPM professionals?</li> <li>6. Consider the food production needs to feed the world population by 2050. How can LGUs best support the IPM needs of the global community?</li> </ol>
3:15	<b>BREAK</b>
3:35	Report Out – Synthesis and Prioritization (all groups)
4:35	Business Meeting to identify Chair-Elect
4:45	Next Day Activities
5:00	<b>ADJORN</b>

October 19, 2016
